Buddha-licious

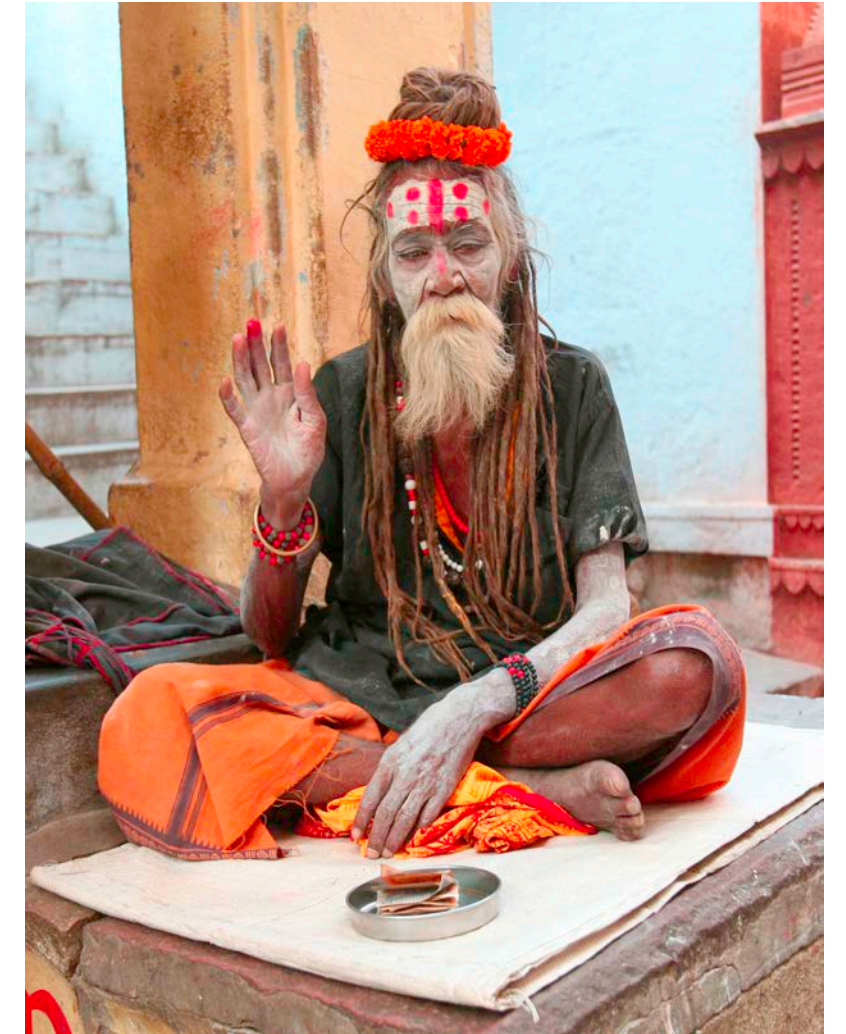

The
#1 rule
when shopping
for Buddha is -
Buddha chooses you!
It's all about the
expression - the eyes and
the face. Kind eyes. Calm
expression. Each statue
has its own unique
utterance and this is
the secret to the
Buddha statue.

Ganesh Mania

Ganesh is the elephant-headed Hindu god of prosperity embraced by everyone no matter what their religious or spiritual preference. He is a happy jokester who removes obstacles and blesses new beginnings. Ganesh protects travelers. You can never have too many Ganesh!

*Lighting incense is the quickest way to
send prayers and wishes to the universe.*

Magical Incense for Space Cleansing

Every culture burns incense for sacred ceremonies. Incense smoke sends wishes to the universe faster. Using incense for space cleansing is a powerful tool to clear stuck and unwanted energy.

Powdered incense is magical. My custom Money Seal blend combines Dragon's Blood with Aura Cleanse and Money Draw. This is what high-level practitioners use.

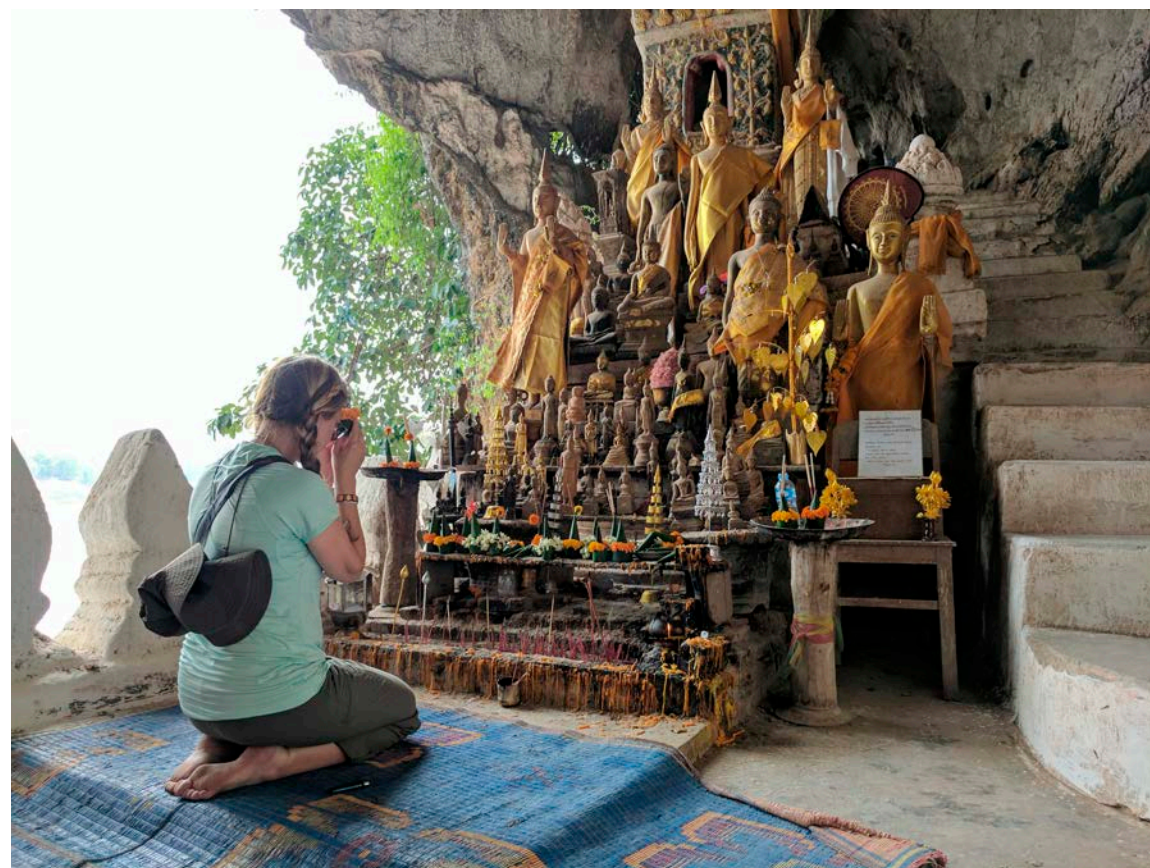

"My girl, Anita Rosenberg, is our official Feng Shui Expert. We've used her for the last 5 years with all the homes we've owned and she's our best kept secret - until now!"
